

CALL FOR PAPERS / SCOPE

The Wireless Days Conference is a major international conference, which aims to bring together researchers, engineers, students, technologists, and visionaries from academia, research centres, and industry. The ultimate goal is to exchange, discuss, and share experiences, ideas and research results on both theoretical and practical aspects of wireless networking. Wireless Days 2017 is technically co-sponsored by the IEEE Communications Society and IFIP.

After the successful editions of Wireless Days in Dubai, UAE (2008), Paris, France (2009), Venice, Italy (2010), Niagara Falls, Canada (2011), Dublin, Ireland (2012), Valencia, Spain (2013), Rio de Janeiro, Brazil (2014), and Toulouse, France (2016), the ninth edition will be held in Porto, Portugal, on March 29-31, 2017.

TOPICS

Wireless Days is soliciting papers describing original work, unpublished and not currently submitted for publication elsewhere, on topics including, but not limited to, the following:

- Track 1 • [5G and Beyond](#)
- Track 2 • [Wireless Communications](#)
- Track 3 • [Ad Hoc, Sensor, Vehicular and Delay Tolerant Networks](#)
- Track 4 • [Wireless Models and Simulations](#)
- Track 5 • [Mobile Networking and Computing](#)

([see all topics in the website](#))

PAPERS SUBMISSION

Authors should submit their papers online through the EDAS conference management system (<https://edas.info/N22767>).

Submissions must be limited to 6 double-column pages (maximum of 2 additional pages allowed - 8 pages in total – with over-length page fee) and must follow the IEEE Manuscript template for conference proceedings (http://www.ieee.org/conferences_events/conferences/publishing/templates.html).

All submitted papers will be judged based on their originality, technical and/or research content, correctness, relevance to conference, contributions, and readability. Submitted papers will be peer-reviewed by the international technical program committee.

Accepted and presented papers will be published in the conference proceedings and submitted to IEEE Xplore as well as other Abstracting and Indexing (A&I) databases.

KEYNOTE SPEAKERS (CONFIRMED)

Falko Dressler • [University of Paderborn, Germany](#)

The Tactile Internet and Its Impact on Cooperative Autonomous Driving

Edward Knightly • [Rice University, USA](#)

Scaling Wi-Fi for Next Generation Applications

Christian Wietfeld • [TU Dortmund, Germany](#)

Wireless Networking for Cyber Physical Systems – Providing Reliable Connectivity in Challenging Environments

IMPORTANT DATES

Paper submission

Nov. 15, 2016 (Extended deadline)

Acceptance notification

Jan. 23, 2017

Camera ready and author registration deadline

Feb. 15, 2017

ORGANISATION

WIRELESS DAYS 2017
IS TECHNICALLY
CO-SPONSORED BY

COMMITTEES

General Chairs

Manuel Ricardo, INESC TEC and Universidade do Porto, Portugal

Rui Campos, INESC TEC, Portugal

Technical Program co-Chairs

José Ruela, INESC TEC, Portugal

Ricardo Morla, INESC TEC and Universidade do Porto, Portugal

Track Chairs

[Track 1: 5G and Beyond](#)

André-Luc Beylot, Université de Toulouse, France

Ana Aguiar, Universidade do Porto, Portugal

[Track 2: Wireless Communications](#)

Fernando Velez, Instituto de Telecomunicações and Universidade da Beira Interior, Portugal

[Track 3: Ad Hoc, Sensor, Vehicular and Delay Tolerant Networks](#)

Carlos T. Calafate, Universitat Politècnica de València, Spain

Anelise Munaretto, Universidade do Paraná, Brazil

[Track 4: Wireless Models and Simulations](#)

Tom Henderson, University of Washington, USA

Marília Curado, Universidade de Coimbra, Portugal

[Track 5: Mobile Networking and Computing](#)

Adriano Moreira, Universidade do Minho, Portugal

Publicity co-Chairs

Luís Pessoa, INESC TEC, Portugal

Web co-Chairs

Filipe Teixeira, INESC TEC and Universidade do Porto, Portugal

Publication co-Chairs

Henrique Salgado, INESC TEC and Universidade do Porto, Portugal

Local Arrangements co-Chairs

Filipe Teixeira, INESC TEC and Universidade do Porto, Portugal

Steering committee

Nadjib Achir, Université Paris 13, France

Khaled Boussetta, Université Paris 13, France

Juan Carlos Cano, Universitat Politècnica de València, Spain

Yacine Ghamri-Doudane, University of La Rochelle, France

Luís Henrique Maciel Kosmowski Costa, Universidade Federal do Rio de Janeiro, Brazil

Thierry Gayraud, Université de Toulouse, Université Paul Sabatier,

LAAS-CNRS, France

International Advisory Committee

Raouf Boutaba, University of Waterloo, Canada

Mario Gerla, UCLA, USA

Guy Pujolle, University Pierre & Marie Curie, France

Catherine Rosenberg, University of Waterloo, Canada

Chai Keong Toh, National Tsing Hua University, Taiwan

Jozef Wozniak, Gdansk University of Technology, Poland

Claudio Palazzi, Università degli Studi di Padova, Italy
